

One-third of dentists who retire early are forced to, due to musculoskeletal injury.

WOULD YOU LIKE TO HELP YOUR ATTENDEES:

- ✓ **Extend** their careers
- ✓ **Prevent** injuries
- ✓ **Increase** productivity
- ✓ **Improve** their quality of life?

DR. BETHANY VALACHI, PT, DPT, MS, CEAS Recognized internationally as a dental ergonomics expert, Bethany has helped thousands of dental professionals prevent pain and extend their careers with her passionate & engaging evidence-based seminars which consistently pack the room. **Clinical instructor of ergonomics at OHSU School of Dentistry**, she has delivered over **700 lectures worldwide**, including Dubai, Poland, Belgium, Ireland and Jamaica.

Bethany's **recent doctorate studies** revealed ground-breaking new dental ergonomic and wellness interventions which continue to enhance her lectures. Her book, *Practice Dentistry Pain-Free* has been distributed worldwide, and her dental ergonomic and wellness DVDs are popular throughout Australia, Europe and North America.

EVIDENCE-BASED ERGONOMIC SEMINARS ORIGINAL, CAPTIVATING & POWERFULLY EFFECTIVE!

Married to a dentist, Bethany brings a unique blend of skills to her audiences. Her dynamic seminars captivate audiences by weaving research-based ergonomic interventions with **humor, audience participation, real-life stories** and **demonstrations**. This is essential, life-changing education for any team member concerned with their musculoskeletal health and career longevity.

TESTIMONIALS

The following testimonials are from meeting planners & attendees. Use these testimonials on your marketing materials to pack the room at your next event!

“Your course has saved & extended my dental career. Rather than undergo surgery, I decided to take your seminar. Your advice has been golden. Thank you! Thank you!”

– PAGE BARTON, DDS, Lansing, KS, USA

“I was amazed at Bethany’s knowledge on operative microscopes and ways to make economical ergonomic modifications to them. She received the longest ovation of any speaker for our dental society.”

– JEAN PIERRE-SIQUET, Endodontist, Meeting Planner, Brussels, Belgium

“Thanks to your recommendations, I am now working with absolutely no pain and production is up 50% over what I was doing 2 years ago. Thank you so very much!!”

– STEPHEN KUENNEMEIER, DDS, Cincinnati, OH, USA

“This was one of the most relevant and well received lectures in our 7 years as a study club. Bethany took a potentially dry topic and made it entertaining, educational, and practical. Thank you for sharing your knowledge with us!”

– DAVID W. ENGEN, DDS, MSD, Diplomate, American Board of Periodontology

“Great course content, excellent instructor. It’s about time! This information has been badly needed in dentistry. Finally someone has pulled it all together.”

– ALLAN TRONSET, DDS, Seattle, WA, USA

“If you wish to hire a speaker who makes the meeting planner look good, this is the one.”

– LINDA MILES, CEO,
Virginia Beach, VA, USA

Awesome!! ☒
EXCELLENT ☐
GOOD ☐
AVERAGE ☐
POOR ☐

“Thank you for an excellent lecture. Yesterday was the first day in months that I have come home from work without pain!”

– EIMEAR MITHEN, RDH, Killrney, Ireland

“Ever since attending your lecture at the Jamaica Dental Conference this year, I have adjusted my posture and seating positions with much positive success! It is all very much appreciated.”

– YUNUS IBRAHIM, BSC, DDS, Jamaica

“Your energetic lecture delivered with humor and honesty was excellent.”

– MARY WILSON, Meeting Planner, Upper Island Dental Society, British Columbia

“This was the most beneficial course I have ever taken and should be part of the dental hygiene curriculum.”

– EVA SLATKIN, RDH, Baltimore, MD, USA

“Still feeling better and better...thanks to your lecture. It is a great thing not to be in pain every day. I believe you are spot-on with your program.”

– GARY WILLIAMS, DDS, Houston, TX, USA

“It is rare to attend a lecture that provides a lot of information that you can use immediately that is well delivered and have fun at the same time.”

– ROSS PROSS, DDS, Tampa, FL, USA

“This information should be taught in all dental schools.”

– ROBERT MICHAM, DMD, Spokane, WA, USA

GETTING to the ROOT of WORK-RELATED PAIN in ENDODONTICS

EVIDENCE-BASED STRATEGIES FOR A LONG & HEALTHY CAREER

You have a microscope, you sit up straight (you think)—then why do so many endodontists experience pain and discomfort?

This ground-breaking seminar explores the unique musculoskeletal and ergonomic challenges that endodontists encounter daily. Through lecture, demonstration and participation, attendees will learn how posture, patient positioning, microscope adjustment, movement, equipment selection, and operatory layout impact their health and apply research-based interventions. Doctors will walk away with techniques they can apply immediately in the operatory.

COURSE OBJECTIVES

At the conclusion of the course, attendees will be able to:

- ✓ Properly position patients and microscopes for treating all teeth in the upper and lower arches
- ✓ Identify selection criteria and make ergonomic modifications to microscopes
- ✓ Properly select and adjust delivery systems, stools and chairs depending on operator size and room layout
- ✓ Learn a sequence for endodontist positioning at the microscope that releases tension in the neck and extraocular muscles
- ✓ Apply proper body mechanics and chairside stretching in the operatory to prevent back, neck, shoulder, arm and hand pain

FITNESS 101 for DENTAL PROFESSIONALS

SECRETS FOR COMFORT & CAREER LONGEVITY

Half day course for the entire dental team

The delivery of dental care is demanding on the body. Dental professionals are prone to unique muscle imbalances and require special exercise, postural techniques and fitness guidelines to avoid pain syndromes, injury or early retirement. This research-based seminar that Bethany delivers with energy and humor will provide attendees with knowledge that they can apply immediately to improve their (and their patient's) overall health. Designed to follow **Practice Dentistry Pain-Free**, but it is not a prerequisite!

COURSE OBJECTIVES

- ✓ Learn why dental professionals require specific exercise guidelines and how to incorporate a balanced exercise program developed specifically for dental professionals
- ✓ Identify generic exercises that can actually create & worsen pain syndromes
- ✓ Incorporate chairside stretching into the workday
- ✓ Identify painful trigger points in patients that manifest as a 'muscular toothache'
- ✓ Perform self-treatment techniques for painful trigger points in the neck/shoulder
- ✓ Implement a 6-step sequence for effectively managing & preventing chronic pain
- ✓ Identify criteria for selecting the right health care professional for specific pain symptoms
- ✓ Discover optimal sleeping & driving postures, and positioning aids
- ✓ Learn how to combat the detrimental physical effects of stress
